DER 4:1; stabilizer: polyethylene glycol; elderberry fruit extract (*Sambucus nigra* L.) DER 4:1; purple coneflower root extract (*Echinacea purpurea* L. Moench) DER 4:1; natural lemon flavor with other natural flavors; zinc citrate; sweeteners: sodium saccharin, aspartame; natural mint flavor; beetroot concentrate; colour: beta-carotene.

BioFlu is a unique natural combination formulated to boost your immune health and lessen the severity and duration of cold and flu symptoms.

Vitamin C and **Zinc** are known to play a central role in the immune system.

Chamomile is known to have anti-inflammatory properties to reduce swelling and redness. The antispasmodic action of chamomile might also reduce cough. Evidence suggests it may help lubricate your throat, which may be useful in warding off hoarseness and pain.

Elderberry fruit extract has antiviral and antimicrobial properties.

Purple coneflower root extract is high in antioxidants. It stimulates immune activity to shorten bacterial infections and viruses.

Indications:

Reduces the severity of symptoms, shortens the duration of colds and flu.

Warning:

Do not exceed the recommended daily dose. Do not use the product as a substitute (replacement) for a varied diet.

Do not ingest if you are allergic to any of the ingredients.

Excessive consumption may have a laxative effect (sorbitol > 10%).

Food supplement with sweeteners. Contains a source of phenylalanine.

Directions:

Adults and children over 12 years: 1 effervescent tablet twice a day. Dissolve 1 effervescent tablet in a glass of warm or cool water (200 ml). Mix thoroughly. The product should be consumed immediately after preparation.

Storage:

Keep the tube tightly closed in a dry and cool place, out of the reach of children. Below 25°C.

Packaging:

20 effervescent tablets in a tube with a packaging leaflet in a carton box.
